The News in Brief

WHERE DID ALBANY HILL COME FROM?—Speaking at a public hearing last Thursday evening, Marshall Madock, a graduate student in geology said that the hill "grew up" in geological time—two or three million years ago. He explained that the Coast Ranges folded, and as a result Albany Island, Madock pointed out that the sea level then was higher than now and that the area completely covered the area Berkeley and Albany Hill. "The heavy sea pounded the area, but when they finally retreated, the most resistant part of the area remained in what is known as a hill."

Always Proper

We are well-versed in the customs and rites of the various religions, and are prepared to serve well regardless of religious affiliations. One reason for this is that Ellis-Olson service is not standardized in any way, shape, or form, but is designed to reflect the family's wishes and to abide by the family's religious requirements.

TV NEWS

By MILT BLANCHARD
With the 27" television screen getting a big advertising push these days, maybe you've been wondering just how big TV screens are going to get before they stop. Well, spokesmen for the industry indicate the new 27's will probably be the largest popular size, though bigger ones are being made. Why? Because sizes beyond this figure call for cabinets that would be too unwieldy for the average home. And the present standard of the industry, the 20-21" screen, will probably remain one of the most popular sizes for years to come.

Another interesting TV trend is the number of "second sets" in use. Surveys show that over two million of the present 22 million or so sets are "second sets." That's one way to let the children watch what they want, while the grown-ups view their favorites.

Professional fighters aren't wanted in the rough-and-tumble adventure and western video programs because they instinctively tend to cover up when the punches start flying, with the result that the fight doesn't look convincing to audiences. After all, how would it look if, just when Gene Autry was about to throw the final punch, his opponent went into a clinch? If your TV set starts "pulling" its punches, stretching out horizontally or showing "sound" in the picture, call us for prompt adjustment. Our trained technicians can service all makes of SKIPS RADIO & TELEVISION SERVICE, 1553 Solano Ave.

Good man or GOD-MAN?

It will do no good to say that
 Jesus was a good man and noth-
 ing more. Jesus was either God or
 He wasn't good.

A Man who told the people of
 His day, "Ye are from beneath;
 I am from above," who claimed
 that He was entitled to a degree
 of honor equal to that of "the
 Father," and who several hours
 before His death still asserted His
 divine Sonship—such a man could
 be only one of two things: an im-
 poster or the Son of God.

The testimony of His contem-
 poraries, the witness of the Scrip-
 tures, and the voice of history
 demonstrate that, far more than
 being merely a good man, Jesus
 Christ is the GOD-MAN, the
 "God with us."

It was as the God-Man that
 Christ, by His substitutionary
 death upon the cross, was able to
 reconcile heaven and earth and to
 win salvation for every man. That
 is why John writes near the end of
 his Gospel:

"These things are written, that
 ye might believe that Jesus is the
 Christ, the Son of God; and that,
 believing, ye might have life
 through His name."

 ON THE CAR
 BOUGHT**

"I made over a 50% down payment
 on a late-model car. I was told it
 would cost me \$257.60 to insure the
 car and finance the balance of
 \$700.00. Lucky for me I'd talked to
 a State Farm agent first, because I
 used the Bank Plan instead and paid
 an insurance and financing
 charge of only \$140.74. I saved
 \$116.86." (One of many actual cases.)

Many People Assume
 Finance Rates Are Standard

THEY ARE NOT!

The Bank Plan offers you two proven money-
 saving methods. Low-cost financing through a
 nearby bank and low-cost preferred-risk insur-
 ance rates. Get your own figures on the cost
 of the car you want and COMPARE them
 with Bank Plan costs FIRST! Call or see

 sons in the area, will start on Monday, April 13, and continue through Friday. Large bags will be sent home by the children for filling by their mothers.
 All usable clothing and cotton and wool rags over one-foot are acceptable.
